

Budget Well ——

## **Your Family Budget**

What does your monthly budget look like? List your income in Part 1. List the expense items under Part 2. For ideas, see the list below. What's important:

- 1. List expenses that fit your situation.
- 2. Track the amount you spend in each expense category during a month.
- 3. The total for income should equal (or exceed) the total for expenses.
