

Easier Ways to Talk about Money

What You Learned

1. There are key communication skills to talk about money.
2. You should not tell others some information to protect your identity.
3. Certain beliefs make it difficult to talk about a tough money situation.

Talk about It

Ask your parents:

- What do you do when you have a tough money situation?
- How do you solve a tough money situation?
- How do you protect your identity?

Do It

- Talk with your parents about tough money situations that your family has worked through well in the past.
- Ask your parents what they worry about most with the way you use money.
- Set time aside each week to talk about money as a family.
