

# The Basics of Credit for Teenagers

## What You'll Learn

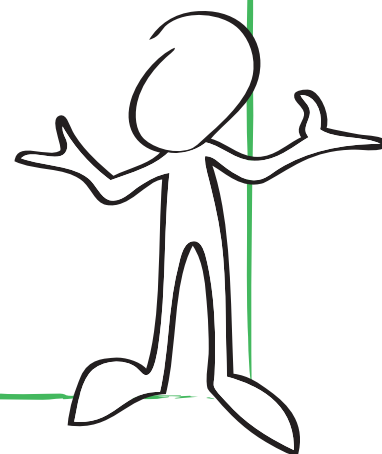

1. What credit is and why it's important
2. An example of credit that adults commonly use
3. The difference between buying with credit and buying with cash

## Talk About It

### Ask your parents:

- How do you use credit?
- What do you think about credit?
- How do you want me to use credit well as an adult?

My Notes:

Visit [www.bankit.com](http://www.bankit.com) for more information on making positive money choices.
